**Grinnell Works: How the Smithsonian, a public library, and Grinnell College pulled together a crowd sourced exhibition.**

Through a collaborative and inclusive process, our project, "Grinnell Works," leveraged stories not previously brought to light in Grinnell. The goals of this exhibition were to involve our whole community in humanities-focused work, giving a voice to the past and current workers of rural America. We particularly saw an opportunity to involve, and empower, groups of people who would not otherwise have the opportunity to engage with the Smithsonian's resources. "Grinnell Works" allowed for creative collaboration and partnerships celebrating people and experiences from across the community. Speakers will include, **Monique Shore '90**, Systems Administrator Drake Community Library and **Sarah Smith**, Grinnell College Director of Outreach Programs and Events.

8:30-10 p.m.

**Classes of 2010 & 2011 Pub Quiz**
